

Galley & Accommodation Cleanliness

Taking hygiene into your own hands

A clean Galley & Accommodation on board vessels is crucial in safeguarding crew's health. Having access to the right products enables the crew to clean galley and accommodation areas efficiently and in a cost-effective manner, especially in the long run. Ensuring that health and hygiene standards are well-maintained is crucial in preventing disease outbreaks on board vessels.

With our new Unitor™ EasyClean Elementary Pack (770085) and Unitor™ EasyClean Elementary Refill Pack (770095), you have what you need to maintain a clean and hygienic galley and accommodation area. The Unitor™ EasyClean Elementary pack also contains a set of mixing stations and reusable bottles which allows the crew to make their own cleaning solution onboard and save on single-use plastic. With concentrations as low as 1%, a 10 litre concentrate can easily give you 1000 litres of cleaning solution!

Unitor™ EasyClean Promotion

- 4 basic Unitor™ chemical concentrates
- Unitor™ Mixing stations which can mix up to 4 different chemicals, can be used for filling buckets and spray bottles
- Mixing stations are easy to install and no external power source is needed
- Re-usable spray bottles which are pre-labelled helps you select the right product and reduces single-use plastic

**If you already have the Mixing station and the Reusable bottles, you also have the option to choose the refill pack consisting of only chemical concentrates*
