

Product group: 405 Product number: 193490

The Medusa is an ideal product for distributing air to several tools or other sources needing compressed air.

Product information

The Medusa air distributor is a powerful quick coupling socket to help connect and distribute a number of lines from a single source especially when using multi-air tools such as combination of needle scalers, angle grinders and scaling hammers or multi-operators using more than one air tool at same time.

****Safety**** Make sure you are wearing the correct personal protection equipment. We strongly recommend using hearing protection, eye protection (goggles) and gloves when using air tools.

Features

- The inlet is from a 1/2" or a 3/4" hose with a 400, 600 and 800 series socket
- The five outlets are for 1/4", 3/8" or 1/2" hoses with the respective 20, 30 or 40 series plug

Benefits

- Powerful productivity booster as enables multi-tools i.e. up to 5 different air tools connected especially for heavy duty surface preparation work at deck
- Easy, quick and secure connection

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
