

Product group: 401 Product number: 768416

Ear clamps are designed to secure a gas hose over a fitting to prevent gas from leaking at the connection.

Product information

Clamp 1 Ear type hose clamps are OCIMF SIRE and RIGHTSHIP RISQ compliant. They are commonly used where a minimal protrusion and a small clamping range is essential such as for welding gas hoses. Also suitable for use with rubber hoses, plastic tubing and electrical cables.

Features

- Unique clamp design
- Specially deburred edges reduce the risk of damage to the part being clamped
- Stainless steel material which is strong, durable, and resists corrosion

Benefits

- Fast, simple and safe installation
- Tampering is visible
- Long lasting connection

Specification

General

Invent Hazard Material (IMO/IU) classification	NA
