

Product group: 401      Product number: 633707

Abrasive consumables.

Product information

Mop discs are made of abrasive coated flaps fastened to a glass fabric backing plate. The even arrangement of the flaps guarantees high flexibility and constant high grinding performance over the tools complete service life. Unitor mop discs are made of alumina zirconia grain with resin bonding. This combination is equally suitable for application on steels, stainless steel, aluminium, plastic, wood, etc.

Supplied with:

Pack of 10 discs

Features

- Recognised by a low clogging rate
- Even grinding finish
- Ideal for applications requiring cool grinding

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
--	----

Technical data

Unitor high quality abrasive fibre discs and abrasive mop discs ensure the highest possible degree of efficiency with a long service life. They are recognised by a low clogging rate, even grinding finish and are ideal for applications requiring cool grinding.
