

Product group: **434** Product number: **734087**

Unitor's series of air-driven high-pressure cleaners includes some of the most advanced air-driven units on the market. The machines are developed in cooperation with shipping and offshore customers. They are reliable and can withstand the rigorous demands on the marine environment.

## Product information

Since the Unitor™ HPC Airclean™ models contain any electric or other ignition items, they are regarded as "cold" and therefore do not need any explosion proof certification. They can thus be used everywhere in hazardous areas.

The units are widely used by major oil and gas companies as well as on vessel with ex areas.

### Supplied with

- 10 m hose
- Spray handle
- Single lance incl. nozzle
- Air lubricator
- Exhaust air muffler
- Air filter
- Water y-strainer

### Features

- Supplied ready for use including lubricator, hose, air filter, water strainer, handle and lance
- Lightweight and easy to set up -- can be moved with ease
- Can be used with hot water, speeding up the cleaning process
- Simple and robust air motor for easy maintenance and long operating lifeboosters

### Benefits

- Durable and long lasting
- Can be used in explosive area

## Specification

### General

<b>Invent Hazard Material (IMO/EU) classification</b>	NA
---	----

### Dimensions/Weight

<b>Height [mm]</b>	540
<b>Length [mm]</b>	690
<b>Width [mm]</b>	380

### Technical data

<b>Air consumption [m³/min]</b>	2,3 - 4,5
<b>Air inlet connection [inch]</b>	3/4 female BSP
<b>Air pressure [bar]</b>	5-11 recommended
<b>Pump pressure [bar]</b>	220 maximum
<b>Ratio</b>	25:1
<b>Water flow rate [l/min]</b>	19 maximum
<b>Water inlet connection [inch]</b>	3/4 male BSP
<b>Water outlet connection [inch]</b>	3/8 male BSP
