POWERSPEED LANCE WITH 06 NOZZLE

Product group: **436** Product number: **659128**

The function of the Powerspeed lance is that it combines the force from a single jet nozzle by rotating it fast. In this way a large area is covered and the effect is 40 % increased.

Accessories are tailor-made to suit the individual pumps. Use the model number to identify the correct accessories.

Product information

This product supersedes product no: **583583**

Specification

General
