

Product group: **436** Product number: **721142**

Water filter replacement for models Unitor $^{\text{TM}}$ HPC Extreme series. With micro filter cartridges 50 μ , fabricated in polypropylene, these reliably protect the high-pressure unit against penetration of polluted water. Filter should always be used when operating the machine.

Bag contains 10 filters.

Ensure you change the filter is dirty as a clogged filter will reduce the water supply and might stop the machine.

Product information

Features

• 50 μ ensure that pollution will not enter the pump.

Benefits

• Use of filter protects your high pressure cleaner.

Specification

General

Invent Hazard Material (IMO/EU) classification NA
