VCW70 WET VACUUM CLEANER

Product group: 432 Product number: 721944

The VCW70 Wet Vacuum Cleaner is a powerful, heavy-duty solution for liquid removal in demanding marine environments. With a 70-liter stainless steel container, built-in pump, and innovative features like anti-static capability, SilentPower technology, and a washable PET fleece filter, it offers unmatched efficiency, durability, and ease of use. Perfect for decks, engine rooms, double bottoms, and tanks.

Product information

This product supersedes product no: 682005

*This product is supplied without accessories, please check the list of accessories below: **681965** SUCTION HOSE 4 M FOR VCWD 70 (recommended as spare) **681940** LARGE DECK CLEANING KIT (mandatory option) **681957** LIQUID REMOVAL KIT FOR VCWD 70 (recommended for Workshop)

Features

- · Large Capacity: 70-liter stainless steel tilt or lift-off container for long usage periods without frequent emptying.
- Built-in Submerged Pump: Enables seamless liquid removal without lifting the container.
- Washable PET Reece Filter: Reduces maintenance costs and ensures high filtration efficiency.
- SilentPower Technology: Delivers superior suction performance with minimal noise.
- Soft Start Function: Limits initial power surge to protect fuses and extend motor life.
- Accessory Holder: Ensures safe transport and organized storage.
- . Heavy-Duty Design: Includes a stainless steel container, heavy-duty steel frame, and durable construction for harsh environments.
- Dual Transport Wheels: Rear wheels for stability and front brakes for secure placement during operation.
- Dirt Basket: Retains solid particles while liquids are pumped out, improving cleaning efficiency.
- Tool Power Socket: Allows connection to electric tools, with automatic start/stop synchronization.
- Versatile Liquid Removal: Suitable for decks, pool areas, passenger areas, and small tanks.

Benefits

- Enhanced Efficiency: The large container and built-in pump minimize downtime and streamline liquid removal tasks.
- Cost-Effective Operation: The washable filter and durable components reduce maintenance and costs.
- Quiet Performance: Operates with minimal noise, allowing work in sensitive areas without disruption.
- User-Friendly Design: The till/lift-off system, accessory storage, and stability features ensure ease of use during transport and operation.
- Versatility: Handles a wide range of liquid removal tasks, from spills on large decks to liquids in confined spaces like double bottoms or engine rooms.
- Durability and Safety: Built to withstand demanding marine environments while ensuring operator safety and equipment longevity.
- Integration with Tools: The power socket and automatic tool synchronization make it ideal for use alongside electric hand tools.

Specification
