SORBENT PARTICULATE U94

Product group: 941 Product number: 603274

Designed for the maritime industry and other environments where oil spills need to be managed, these 100% polypropylene flakes float on water, absorbing only oil and leaving water unaffected. With a high absorption capacity of 143 liters per bag, they provide an efficient and easy-to-use solution for spill containment. Lightweight and versatile, they can be spread over walkways or tossed over open water to quickly turn liquid spills into solid waste, ensuring fast, effective cleanup in emergencies.

You can spread it over walkways and floors or throw it over open water to absorb spills.

Product information

Features

- 100% Polypropylene Material: Floats on water, absorbing only oil.
- High Absorption Capacity: 143 liters per bag.
- Lightweight & Easy to Use: Quick and efficient spill management.
- Versatile Applications: Ideal for maritime sectors and other oil spill scenarios.
- Emergency Response: Fast and effective solution for oil spill containment.

Specification

General Performance data

Invent Hazard Material (IMO/EU) classification	NA
Quantity	1

Absorbing capacity	143 liters
