

Product group: 611 Product number: 3052921

GDS spare part for central installation corresponding to Position 2 in the drawing.

Product information

A high pressure oxygen hose with W21.8 connection for the valve outlet of the oxygen cylinder and 1/4" BSP for connection to the manifold. Hoses are cleaned for oxygen service.

Safety

For safety reasons we strongly recommend to preform annual checking and testing of the hose, and to change the hose every 5 years.

Features

- Oxygen compatible
- Hytrel jacket
- Stainless steel brading

Benefits

- safe connection between cylinder and manifold
