

Product group: 610 Product number: 5763891

An easy to use leak detector spray to check for leak points in a gas distribution system.

Product information

It is important that all equipment that is part of a gas system is checked for leaks after assembly and corrective action taken before use. Always use leak detector solutions when looking for gas leakage. Our leak detection spray TL-4 is perfect for industrial systems. Don't use soapy water or washing up liquid. Ensure the leak detect solution is compatible with the materials used in the equipment construction.

Features

- spray can
- highly sensitive

Benefits

- easy to use

Specification

General

Invent Hazard Material (IMO/EL) classification	NA
--	----
