

REGULATOR 510 N2 PRESSURE 0-10 BAR

Product group: **631** Product number: **510002**

A single stage regulator for nitrogen reducing the inlet pressure from 200bar to any pressure between 0 and 10 bar.

Product information

This product supersedes product no: **619239**

Apart from replacing damaged or faulty gauges, repairs should never be attempted on gas regulators. Faulty, old or corroded regulators should be replaced. Internal seals and membranes will deteriorate with time, and as a rule gas regulators should be replaced with maximum 5 years intervals.
