REGULATOR 510 OX PRESSURE 0-10 BAR

Product group: 171  Product number: 510000

Reduces cylinder pressure to suitable working pressure and keeps it constant

Product information

This product supersedes product no: 619213

Apart from replacing damaged or faulty gauges, repairs should never be attempted on gas regulators. Faulty, old or corroded regulators should be replaced. Internal seals and membranes will deteriorate with time, and as a rule gas regulators should be replaced with maximum 5 years intervals.

Features

- Provides constant flow of gas at right pressure
- Safety valve
- Comes with hose connections for 1/4” and 3/8”
- Built according to international norm EN ISO 2503 Class 3

Benefits

- No need for flame adjustment during work
- Provides safe working conditions
- Connects to all standard hose dimensions
- Long lasting quality
