

Product group: 482 Product number: 778855

The Unitor™ Panamax™ Cargo Hold cleaning kit is designed for efficient chemical application, rinse off and wash down of the entire cargo holds on board.

Product information

This product supersedes product no: 749770

The Unitor™ Panamax™ Cargo Hold cleaning kit is ideal for use on board all bulk carriers equipped with a working air compressor that delivers minimum 2 m³/min.

The equipment is also suitable for cleaning of superstructure or offshore rigs.

The equipment has, depending on the air on board, a reach of up to 25m using the foam nozzle which enables the crew to work from the tank top without the use of cranes or scaffolding even on a Panamax size vessel. By using the guide wire kit (included) this reach may be further extended for use on board cape size vessels.
