

Product group: 651 Product number: 769915

Unitor™ Filtercare™ is a heavy duty cleaner and degreaser based on powerful petroleum solvents and self-splitting emulsifiers specially designed for cleaning fuel filters.

Product information

Unitor™ Filtercare™ provides quick penetration and solvency and is ideal for cleaning of fuel filters, pre-heaters, burner tips and other machinery parts.

It allows the slop water to break into separate oil and water phases after use. It contains no chlorinated solvents.

Features

- Does not contain any chlorinated solvents.
- Provides quick penetration and solvency and is ideal for cleaning of fuel filters, pre-heaters, burner tips and other machinery parts.
- A heavy duty cleaner and degreaser based on powerful petroleum solvents and self-splitting emulsifiers.

Benefits

- Allows the slop water to break into separate oil and water phases after use.
- Allows oil residues to be reclaimed and incinerated onboard.
- Reduces disposal cost and associated problems.
- Does not contain any chlorinated solvents.

Specification

General

Invent Hazard Material (IMO/IU) classification	C-49
------------------------------------------------	------

Physical properties

Appearance	Light yellow
Density [g/ml]	0,81
Flash Point [°C]	Above 61
Form	Liquid

Technical data

Not Compatible	May swell rubber and synthetic rubber. Do not use Filtercare in ultrasonic units.
----------------	-----------------------------------------------------------------------------------

Documents

[SDoC and MD for IHM](#)

Directions for use

Normal cleaning

Dosing when performing manual filter cleaning: Please use undiluted and at temperatures no higher than 60°C, due to its flashpoint temperature do not use Unitor™ Filtercare™ in ultrasonic cleaner.

Please refer to the Unitor Ultrasonic unit in the product catalogue for alternative products and the user manual for further instructions for use of ultrasonic units.

Circulation method

Circulate for at least 2 hours and rinse with water. For best rinsing effect use hot water up to 60°C. The Unitor™ Cleaning Unit (Product No. 737189) is recommended for cleaning by soaking or circulation.
