

UNITOR UNICLEAN 200 LTR

Product group: **641** Product number: **726060**

Unitor™ Uniclean™ is an advanced micro-emulsion cleaner, which combines the properties of a water and solvent based cleaners.

Product information

Due to Unitor™ Uniclean™ unique properties, it ensures safe handling while in use and also reducing hazards related to covering and hosing the material to be removed.

The specially selected surfactants allow maximum penetration of oil and grease while hazards are kept at a minimum. This ensures the product to safely react and remove oil, grease, dirt, sludge and grime.

The special surfactants will effectively keep the removed contamination in water solution while being flushed to the drain.

Features

- Biodegradable
- A combined water and solvent based cleaner
- Non toxic
- Contains no nonyl phenol ethoxylates or other estrogenic compounds

Benefits

- Leaves an effective cleaning result
- Non flammable
- Multipurpose usage areas; deck, tanks, machines room and drilling equipment

Specification

General

Invent Hazard Material (IMO/EU) classification	C-49
---	------

Physical properties

Density [g/cm3]	0.98 at 15°C
pH	7

Technical data

Compatibility	Rubber; may swell\nMetal; no known effects
----------------------	--

Approvals

Unitor™ Uniclean™ is HOCNF approved

Documents

[Uniclean-CefasTemplate2017](#)

Directions for use

Unitor Uniclean effectively penetrates oil and grease contaminants and leaves a clean surface. Unitor Uniclean can be used neat or diluted depending on type and amount of deposits.

Dosage: 1:1 - 1:20

Cover the surface to be cleaned completely and leave soaking till the contamination is dissolving. Wash of the surface with a Unitor high pressure cleaner, preferably fed with hot water.
