

Product group: 163 Product number: 625576

Unitor™ 6M Filter Cartridge Replacement Pack is a convenient pack that consists of 6 pieces of pre filter cartridges and a set of main 5-piece filter cartridges, for 6 months consumption use.

Product information

Consists of:

- 6 pieces pre filter cartridges:** melt-blown polypropylene cartridges. The construction of this pure polypropylene, surfactant-free depth filter ensures low pressure drops, with exceptional dirt holding capabilities.
- 1 set of 5-piece main filter cartridges:** low micron sediment filter, water softening filter, granular activated carbon filter, Ultrafiltration, mineralizer.

Features

- Convenient 6 months usage of filter cartridges.
- Providing a continuous supply of fresh and clean drinking water
- No need for any tools to install

Benefits

- Excellent sediment absorption of sand, silt, rust and suspended solids from potable water.
- Stable at wide PH levels
- Easy to install , operate and change filter cartridges
- Fuss free: compact and Zero maintenance
- Suitable for POU (Point of Use) installations.
- Protects your water stream
