

Product group: **663** Product number: **606259**

A range of type approved Bunker Samplers used to obtaining a representative sample with a drip type sampler.

Product information

The most common and economic means of obtaining a representative sample is by using a drip type Bunker Sampler. In back to back tests performed by a major fuel testing laboratory over an extended period, samples obtained by drip samplers were identical to those from more expensive automatic fuel samplers.
