

Product group: 663 Product number: 606252

Accessory: A range of type approved Bunker Samplers used to obtaining a representative sample with a drip type sampler.

## **Product information**

The most common and economic means of obtaining a representative sample is by using a drip type Bunker Sampler. In back to back tests performed by a major fuel testing laboratory over an extended period, samples obtained by drip samplers were identical to those from more expensive automatic fuel samplers.

#### Features

- Lloyds Register approved and manufactured under strict ISO 9001:2000 quality assurance standards
- IMO MARPOL 73/78 Annex VI compliant helps you stay within the legal requirements for bunker sampling
- Lightweight and very easy to install obtaining a representative sample is quick and easy

### Benefits

• Complies with current regulation

#### **Specification**

# General

Invent Hazard Material (IMO/EU) classification	NA
