

Product group: 663 Product number: 606254

Accessory: A range of type approved Bunker Samplers used to obtaining a representative sample with a drip type sampler.

Product information

The most common and economic means of obtaining a representative sample is by using a drip type Bunker Sampler. In back to back tests performed by a major fuel testing laboratory over an extended period, samples obtained by drip samplers were identical to those from more expensive automatic fuel samplers.

Features

- Lloyds Register approved and manufactured under strict ISO 9001:2000 quality assurance standards
- IMO MARPOL 73/78 Annex VI compliant - helps you stay within the legal requirements for bunker sampling
- Lightweight and very easy to install - obtaining a representative sample is quick and easy

Benefits

- Complies with current regulation
