

Product group: 661      Product number: 778420

CHECKIT® Comparator Test Kits are accurate, easy to use test kits for water analysis. Simply add the reagent to the sample cell, rotate the disc until the color matches the prepared water sample and read the concentration value.

Product information

Wide range of parameters for a variety of applications Color discs have a continuous color gradient making it possible to achieve a direct color match - no need to extrapolate the result between two color standards Requires 2 x Checkit test cells and appropriate colour disc and reagents.

Features

Step-By-Step Instructions Wide Variety of Parameters One Piece Comparator Housing Easy to View Results Continuous Color Gradient

Benefits

Clear instructions for reliable and accurate measurements Flexibility with multiple testing ranges and methods available Direct color matches for easy to read results
