CORROSION BLOCK 20-1"

Product group: **654** Product number: **735106**

Nalfleet Corrosion Block 20-1": is an innovative product design to reduce carryover of corrosion product, sediments in the potable water distribution through filtration therefore preventing and improving potable water quality.

Product information

Features

•Designed for to be used for the following operating conditions, maximum flow rate < 3.0 m3/hr, maximum pressure < 8.0 BarG, maximum temperature: < 45.0 Deg C

•Inlet & outlet connection: 1" BSP thread

•Housing Material: Plastic, non-toxic, suitable for potable water

•Product complies to with DM25, ACS and NSF/ANSI 42 standards

Benefits

•Prevent corrosion products/sediments carryover

•Reduce potable water red water events

•Reduce maintenance related activities due to potable water corrosion.

•Provide potable water system and distribution pipeline and asset protection

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
--	----
