POOL CLARIFIER 12 X 1 LTR

Product group: **657** Product number: **766539**

Achieve Crystal Clear Water with Ease

Pool Clarifier is a highly concentrated product formulated with specialised polymers that quickly clear cloudy water. This powerful clarifier works by binding small particles into larger masses, making them easy to remove through the filtration system. It operates seamlessly while the filter is running, requires no premixing, contains no alum, and does not affect the pH of your pool water.

Product information

This product supersedes product no: **625699**

Why Choose Pool Clarifier?

Choosing Pool Clarifier means opting for efficient performance that quickly and effectively clears cloudy water, ensuring your pool is always inviting. Its user-friendly nature makes it easy to apply with no need for premixing, saving you time and effort. By working without altering the pH, it maintains water quality, keeping your pool water balanced and safe.

Invest in Pool Clarifier today to enjoy crystal clear, sparkling water in your pool. Ensure a clean and inviting swimming experience with our high-quality clarifier.

Features

Concentrated Formula: Highly effective with a small amount. Specially Formulated Polymers: Designed to bind small particles into larger, filterable masses. Easy to Use: No premixing required, simplifying the application process. pH Neutral: Does not affect the pH balance of your pool water.

Benefits

Quickly Clears Cloudy Water: Restores sparkling clear water in no time. Reduces Chlorine Usage: Helps maintain water clarity, reducing the need for excessive chlorine. Enhances Water Appearance: Makes your pool water sparkle, providing a visually appealing swimming environment.

Specification

General

Suggested Inventory Hazard Material classification	C-49

Physical properties

Appearance	Clear
Density [g/ml]	1.04
Form	Liquid
pH	3-5

Technical data

Solubility in water	Mscible in water

Documents

SDoC and MD for IHM

Directions for use

Before applying this product ensure that the filter is operating efficiently. Apply Pool Clarifier weekly or whenever the pool water has lost sparkle. Apply Pool Clarifier at the rate of 15ml per 10m3 by pouring gently around the perimeter of the pool. Leave pump and filter running for 8 hours after application. If pool clarity has not been restored after 36 hours, repeat the treatment.
