PRESSURE GAUGE 1/8", 0 - 12 BARG

Product group: **672** Product number: **735147**

Accurate Monitoring with Pressure Gauge 1/8", 0 - 12 BarG

Pressure Gauge 1/8", 0 - 12 BarG is a reliable pressure gauge designed for use during filter housing routine monitoring, ensuring precise pressure readings and optimal system performance.

Product information

Why Choose Pressure Gauge 1/8", 0 - 12 BarG?

Choosing this product ensures accurate and reliable pressure measurements, thanks to its precision engineering, which is critical for effective filter housing maintenance. Its user-friendly design makes it easy to install and use, simplifying maintenance tasks and making them straightforward and efficient. Built with durable construction, this product is designed to withstand regular use, providing long-lasting performance and reliability.

Features

Pressure Range: 0 – 12 BarG Connection: 1/8" connection for easy installation

Benefits

Accurate Pressure Monitoring: Provides precise pressure readings, essential for maintaining optimal filter housing performance. **Easy Installation:** The 1/8" connection ensures quick and hassle-free installation. **Reliable Performance:** Designed to deliver consistent and dependable results, enhancing maintenance efficiency.

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
