The weighing platform is needed to log the exact amount of refrigerant charged to a system, the amount of refrigerant recovered and to protect the recovery cylinder from overfilling (80%) during refrigerant recovery process.

**Product information**

**Features**
- Capable of handling cylinders up to 100 kg weight
- Control unit connected to platform by means of a spiral cord
- Digital display
- A "zero" function is included to measure added refrigerant
- Supplied in a sturdy carrying case
- Includes batteries and instructions

**Benefits**
- Easy to use
- Accurate measurement
