UNITOR™ 6M FILTER CARTRIDGE REPLACEMENT PACK

Product group: **163** Product number: **779260**

Unitor™ 6M Filter Cartridge Replacement Pack. This convenient replacement pack includes six pre-filter cartridges and a set of five main filter cartridges, designed for 6 months of regular use. It ensures optimal performance and easy maintenance, providing everything needed for your filter system during this period. Ideal for those looking to maintain consistent filtration efficiency without frequent reordering.

Product information

Supplied with

- **6 Pre-filter Cartridges:** Melt-blown polypropylene construction for low-pressure drops and exceptional dirt-holding capabilities. Surfactant-free depth filter ensures effective filtration.
- **1 Set of 5 Main Filter Cartridges:** Low-micron sediment filter, Water softening filter, Granular activated carbon filter, Ultrafiltration and Mineralizer.

Features

- **6 months usage:** Convenient for long-term use.
- **Fresh, clean water:** Provides a continuous supply of drinking water.
- **Tool-free installation:** No tools are required for easy setup.

Benefits

- **Excellent sediment absorption:** Removes sand, silt, rust, and solids.
- **Stable pH:** Works across a wide pH range.
- **Easy installation:** Simple to operate and replace cartridges.
- **Fuss-free:** Compact and zero maintenance.
- **POU suitable:** Ideal for point-of-use installations.
- **Protects water stream:** Ensures clean and reliable water flow.
