

MS-W-203 SELFSHIELD

Product group: **090** Product number: **722228**

General Purpose Seamless Self-Shielded Flux Cored Wire (FCAW) for the welding of mild steel and ships steel. All position welding, including vertical down.

Product information

Unitor MS-W-203 Selfshield is a self shielding flux cored welding wire designed for the welding of mild steel where superior weld metal mechanical properties are required. It has all position welding capabilities, including the 3G vertical up and vertical down positions. Unitor MS-W-203 Selfshield has good arc action and low spatter for excellent operator appeal. Slag removal is very good with minimal slag sticking.

Features

- Self Shielded Flux Cored Welding Wires for high tensile steel welding

Benefits

- Large working range for carbon steel welding
- Not required Shielding Gas cylinder

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
--	----

Dimensions/Weight

Diameter [mm]	1.2
Weight [kg]	5.0
