

Product group: 095      Product number: 699173

Electrode for welding of mild steel.

Product information

This product supersedes product no: 535385

General purpose organic-rutile coated electrodes for unalloyed steels. Easily weldable in all positions including vertical down. Suitable for bridging large gaps. Excellent for all-purpose repair welding of mild steel.

Features

- Unitor high density polyethylene packing
- Strikes and re-striking easily
- All positions including vertical down
- Superb arc stability
- Bridge large gaps
- Approved by classification societies for mild steels

Benefits

- Long storage lifespan
- Superb for tack welding
- Easy to use
- Can do the job even if edge preparation is not up to standard
- In compliance with maritime rules and regulations

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
