Wilhelmsen

Product group: **191** Product number: **203203**

UWI-203TP, is a compact 200A range welding machine supplied with stick electrode welding accessories for shipboard welding. It can weld all normal coated electrodes up to 4.0mm.

Product information

This product supersedes product no: **764812**

EU Ecodesign Compliant Welding Machine

Supplied with:

Carrying strap
Electrode holder with 3m cable and connector
Return clamp with 3m cable and connector
4m primary cable mounted on the machine

Note: Plug for the primary cable must fit the socket types used on board and is therefore not included.

Features

- Stick electrode (MMA) with automatic hot start, adjustable arc force and Lift-Arc TIG welding
- Voltage Reduction Device (VRD) function reduces open circuit voltage to only 13VDC which reduces risks of electric shock and electrocution to the lowest level
- Built-in Total Protection (TP), Line-voltage compensation and Thermal overload protection
- Made of high-grade aluminium casing that reduces weight and corrosion risks
- Delivers complete with electrode holder and return clamp

Benefits

- Safe and compliant welding machine for maritime use
- Superior reliability in tough maritime environment
- Easy arc start and anti-sticking
- Adjustable arc force for stick electrode welding allows the arc characteristics to be changed for specific applications and electrodes: low arc force setting for smooth running electrodes like LH-314N and Special-303N and increased setting provides optimal characteristics for stiffer, more penetrating electrodes like E6010 types, chamfering electrodes like CH-2-382 and electrodes for ACA-384 gouging
- Portable (12kg) for welding works anywhere around the vessel
- Spare part kit available for easy repair and to minimise downtime

Specification

General

Invent Hazard Material (IMO/EU) classification	D-1

Dimensions/Weight

Dimensions L x W x H [mm]	460 x 230 x 325
Weight [kg]	12.2

Technical data

Duty cycle [%]	
Ingress protection	IP23S
Recommended fuse [A]	
Voltage [V]	3 phase 380-440V 50/60Hz main supply
Welding current [A]
