

CABLE CONNECTOR DIX25 MALE-FEMALE

Product group: **195** Product number: **632885**

Cable connector Dix25 male-female complete

Product information

This product supersedes product no: **530071**

Cable connectors must be insulated in such a way that the danger of handling or short-circuiting through the deck is reduced to a minimum. This applies both to connected and unconnected parts. There should be no possibility of short-circuiting in connected plugs and sockets attached to cables, even if they should come into occasional contact with salt water. There must be good contact and little resistance at the contact areas and at the welding cable connections to the connectors.

Features

- 230 A at 60 % duty cycle.
- For cable size 10--25mm².
