

Product number: 676973 Product group: 191

Cable for parallel connection of the remote control outlets for two identical welding machines especially UWI-500TP in parallel for up to 1000A gouging capacity.

Product information

Important:

If in parallel connection of two machines, both machines must be switched on. If only one machine is switched on the current in the parallel cable can damage the other machine.

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
