

AIR CARBON ARC TORCH 600A

Product group: **196** Product number: **528703**

Torch for air carbon arc gouging with safety cable connector and air connector.

Product information

A special jaw-type electrode holder is used for air carbon arc gouging. The jaws are fitted with nozzles, which direct jets of compressed air parallel with the electrode to the molten pool.

The holder is also equipped with a cut-off valve for compressed air. Compressed air supply of 400--900 L/min at a pressure of approximately 5--7 bar. The holder will accept round and flat electrodes.

Supplied with:

- Integrated compressed air hose/welding cable
- Cable connector type Unitor Safety
- 30 cm air hose with quick connector 30UPH for compressed air
