

Product group: 196 Product number: 627877

Electrode holder assembly 200A with 3m cable 25mm2 and DIX 25 connector for UWI-150 TP welding inverter.

Product information

Unitor's fully insulated electrode holders are of the lever screw type and feature an especially robust and safe clamping arrangement for the electrodes. There are three types of electrode holders available: the 200A 400A and 600A

Features

- In accordance with Standard 2006/95/EEG concerning low voltage, and conform to EN 60974-11
- Fully insulated electrode holder with the lever screw locking mechanism design
- Strong and simple construction

Benefits

- · Offers higher protection from electric shocks or electrocution for welders compared to other design of electrode holders
- Prevent accidental electric arc sparking as no exposed conductive components
- 'Plug and Play' with 3m cable and DIX connector to welding machine
