

Product group: **196** Product number: **619098**

Hand held face shield for protection of welders eyes and face towards rays, heat and sparks during welding

Product information

This product supersedes product no: **175646**

Proper protection is absolutely necessary to guard the welder against the danger of electric shocks, burns, ultra-violet rays and bits of welding slag in the eye.

Unitor face shields for welding are made from a lightweight, robust plastic material which is unaffected by heat, cold or moisture, and both glasses and shields conform to relevant EN standards.

The face shield with handle is supplied with shade 11 dark glass and clear protection glass as standard. It is designed to also protect the hand holding it from radiation.

Features

- Sturdy lightweight design
- Conforms to relevant standards: CE approved and conforms to EN 175: 1997

Benefits

- Comfortable to use
- Provides safety and long lasting quality
