

Product group: **193** Product number: **607451**

MIG/MAG Euro connector wire torch for UNITOR wire welders or wire feeders for gas shield wire welding.

Product information

The torch has an adjustable neck and is delivered complete with tools for neck adjustment and contact tip change. It is delivered with a 3m cable, complete with liner and contact tips for 1.2mm wire. The teflon liner allows for all wire types including aluminium.

Features

- High capacity air cooled torch
- Adjustable neck
- Ergonomic handgrip

Benefits

- Air cooled i.e., no need for water cooling pump system
- Able to reach difficult locations
- Less strain on operator

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
