

Product group: 176 Product number: 734031

Connector to shank/torch used with Unitor quick coupling system.

Product information

Part of the Unitor quick coupling system, which enables quick coupling connected to UCT-500 shank/torch.

Note: The probe unit does not have non-return valve built-in as it is to be connected with the quick coupling AC or OX with non-return valve.

Features

- Lightning fast connection and disconnection of equipment
- Simplest selection of the right body and probe
- Easy identification with colour coding on probe (Red for Ac/Blue for O_x)

Benefits

- Kink free hose and secure connection because of ball race lock
- Durable as probe made from stainless with hardness of 25 Rockwell

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
