

HEAT RESISTANT MITTEN

Product group: **176** Product number: **233148**

Special mitten with woven kevlar outer layer and ample insulation against heat in the inner layers.

Product information

The mitten should always be kept by acetylene cylinders and outlets to make it possible to close the valve in case of fire. Also suitable for handling hot workpieces. May be used on either right or left hand.

Features

- Comply to: EN 388:2003 and EN 407:2004
