

Product group: 176 Product number: 633321

Glasses for gas welding and cutting with a diameter of 50 mm.

Product information

This product supersedes product no: 175315

The filter shade glass is mounted in a flip-up front frame. These are available in different grades of shade for various types of work.

A protection glass must be placed in front of the filter shade glass in order to protect against spatter. And one more protection glass must be placed in the fixed frame.

Features

- Safety Spectacles and goggles comply to European Norms.

Benefits

- The headband is adjustable and elastic for comfortable use
- The lenses are clear, anti-mist acetate
- The design provides ample ventilation
