

AG 60 252 2.0 X 500MM 0,5KG

 Product group: **093** Product number: **233601**

No. 1 Choice for Best and Top Quality Silver Brazing for Ship Welding Flux coated silver brazing rod for most metals.

Product information

Flux-coated 55% silver rod for all purpose capillary brazing. AG-60 is cadmium-free and may be used also where the joint is in direct contact with drinking water, foodstuffs etc. High corrosion resistance, high electric conductivity, high tensile strength. Use with Albro flux 263 PF for yorcalbro piping, and AG-60/45 flux - 252 PF for other applications.

Features

- Unique chemistry give high strength
- Cadmium free
- Boric Acid free
- Low melting point
- Seawater resistant

Benefits

- Less possibility for joint to fail during operation
- Safe to use, compliance with EU REACH and EU CLP regulations on boric acid
- Job is done faster
- Joint will not corrode away

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
--	----

Documents

[Supplier's declaration of Conformity \(SDoC\)](#)

Directions for use

The label on each container fully identifies the contents, and also gives basic information on application areas. Complete information on each rod, and instructions for use are given in the Handbook for Maritime Welders.
