

Product group: 094 Product number: 589861

This cabinet is a complete gas welding work shop with equipment and consumables for all normal gas welding, brazing and cutting operations on board.

Product information

Compact design provides good access to contents, and ample room for additional spares and accessories. A selection of gas welding and brazing consumables with the gas welding and cutting accessories make it a good fit for engine room workshops.

Features

Consumables and Gas Welding & Cutting Tools

- Selection of gas welding and brazing consumables for silver and bronze brazing, cast iron, aluminium, mild steel and heat resistant steels and tin soldering with Unitor welding handbook guide
- Come with gas welding and cutting kit for all normal gas welding, brazing and cutting operations onboard with basic personal protective equipment (PPE) included

Cabinet

- Sturdy, corrosion resistant construction from electro-galvanized steel plates, with final coating by powder spraying and baking, made for marine conditions
- Shelves are zinc/yellow-chromate passivated for optimal corrosion and scratch resistance, with hardplast protection surface for nozzles and blowpipes
- The door construction provides a stable work surface for torch assembly when open

Benefits

- Perfect fit for all AC-OX Gas Outlet Station in engine room workshop with ready to use gas welding and cutting tools
- Easy overview and management of gas welding and brazing consumables onboard
- Able to perform gas welding and brazing for all normal repair applications onboard
