

STANDARD GAS ACCESSORIES

Product group: **176** Product number: **526509**

A kit comprising all necessary accessories needed for UNITOR acetylene and oxygen cylinders used in portable or transportable solutions.

Product information

The kit contains:

- Acetylene and oxygen 510 regulators for cylinder
- Flashback arrestors S55
- 10 m twin hose 1/4" with clamp 1 ear hose clamps
- Gas ignitor
- Welding goggles
- Gas welding gloves
- Heat resistant mitten
- Unitor handbook for maritime welders

Safety

We recommend that the Ac/Ox twin hose are been checked for cracks in the outer rubber and leaks every time before you start welding; change the hose if necessary and make sure you have non-return valves attached to the shank. For safety reasons we strongly recommend annual testing of the Flash back arrestors, and to change regulators and flashback arrestors every 5 years, calculated from the date you start using the equipment.

Specification

General

Invent Hazard Material (IMO/EU) classification	NA
