

Product group: 170      Product number: 174565

The welding attachment is used in combination with UCT-500 torch shank for brazing and gas welding.

Product information

The selection of welding attachment with different gas flow rate / capacity will determine the workable material thickness range.

Size\* O-A40 for material thickness: <0.5 mm

The size indicates consumption of Oxygen in nl/h. Acetylene consumption is approximately 10% lower. Material thickness refers to mild steel.

Specification

General

Invent Hazard Material (IMO/IU) classification	NA
