An easy to use leak detector spray to check for leak points in a gas distribution system.

Product information

This product supersedes product no: 5763891

It is important that all equipment that is part of a gas system is checked for leaks after assembly and corrective action taken before use. Always use leak detector solutions when looking for gas leakage. Our leak detection spray TL-4 is perfect for industrial systems. Don't use soapy water or washing up liquid. Ensure the leak detect solution is compatible with the materials used in the equipment construction.
